### Update on Announcement of Selected BPHC Innovation Fund Projects

Our Innovations Fund Proposal Work Group has been busy reviewing the 87 eligible Innovation Fund proposals we received from 34 BPHC member organizations.

We are well under way to completing our review on schedule and submitting our recommendations to the Executive Committee (EC). However, due to summer schedules, we cannot convene our EC in late August to present our recommendations for approval.

As a result, we will be meeting after Labor Day and will be making our announcements in mid-September.

We remain very excited about the level of interest in the Innovation Fund and look forward to commencing our projects. We will keep you posted on our timeline.
