BPHC Innovation Fund – Updated Materials

BPHC held webinars yesterday and this morning to present and answer questions about our Innovation Fund.

We would like to share our materials from those discussions. They include:

[Innovation Fund Proposal and Guidelines – updated](#)

[Proposal Submission Link](#) (If you have questions about submitting your proposal through the electronic form, please reach out to Bronte Kastenberga at BKastenberga@sbhny.org.)

Please note that we have made one change to the original proposal that was sent on December 19. In section “C-1: Population of Interest,” we created a separate category for the “Medically Homeless.” Previously, this population was included under “Behavioral Health.”

We are hosting a follow-up conference call in early January to address additional questions you may have. Details will be sent to you after the New Year.

As a review, BPHC is inviting our Member organizations to submit proposals to participate in our Innovation Fund, which encourages Members to develop and implement innovative strategies and programs that complement DSRIP goals and milestones, and address gaps in care. A maximum of \$250K will be awarded for each project. Proposals will be due on January 22, 2018. You may feel free to reach out to us with any questions.

Happy Holidays

As another year comes to a close, we would like to thank you for your commitment to giving our patients and clients the high quality, coordinated healthcare they deserve. We appreciate your membership in our PPS and your engagement in the healthcare transformation we are working to achieve.

Our best wishes for a healthy and joyous holiday season and New Year.
