What participants have said:

“Powerful” “Eye opening” “Humbling”
“Incredibly valuable” “It was an empathy boost.”
“It strengthened my resolve.” “The struggle is real.”

BPHC invites you to an informative and immersive program focused on the impact of poverty on our communities' health.

We will explore the relationship between poverty and health disparities and how we can improve our patients' and clients' experiences when they visit us for services. Participants will also take on the role of family members living on a limited budget and learn about the difficult choices they make and the toll it takes on their health and access to care.

This will be the only Poverty Simulation we offer in 2020 so register staff soon to secure their participation.

National Diabetes Prevention Program (NDPP) Medicaid Enrollment Webinar

The NYS Department of Health announced the availability of a Medicaid Fee-For-Service (FFS) provider enrollment training webinar taking place on **March 3 at 10 a.m.**

These webinars are for any Centers for Disease Control and Prevention (CDC) recognized organizations or individuals wanting information about the process of becoming a Medicaid enrolled NDPP service provider.

The webinar is intended to familiarize providers and their staff with the Medicaid FFS enrollment process and review the resources available to accomplish enrollment successfully.

It will be an overview of the different enrollment processes for Individual Providers, Community Based Organizations (CBOs), Group Practices and Hospital / Clinic providers interested in enrolling in the NDPP.

The session will include time for questions and answers.
